

June 1, 2018

Attention: Swing 'n' Country Members

Advanced Membership Renewal Starts at the June 15 Dance

Starting at the June 15 dance and available also at the July 20 dance and the August 3 dance, members will have the opportunity to renew their SNC memberships for the coming membership year.

Your current membership expires August 31, 2018.

The next membership year is September 2018 through August 2019.

Due to the impressive success (thanks to you) of last year's early renewal program (30% of you took advantage of early renewal), we are offering this program again this year.

By renewing early, you will be given a special entrance line to enter dances and lessons come this September and bypass all other members who did not take advantage of this program and bypass non-members who have to complete and sign the new club waiver. All you will need to do is pay for your lesson and/or dance and enter the dance room.

Renewing is easy

Simply show up with your membership fee (cash or check accepted) at one of the three Summer dances. We will have your personalized membership renewal form for you all completed with the current information we have in our system. All you need to do is make any changes or corrections, date, and sign the form. It is that easy. You don't even need to do this when you first arrive. You can renew your membership anytime throughout the evening up until we shut down our system, which will be about 10:45 PM on June 15, and until about 10:00 PM on July 20 and August 3.

You will help the club by reducing entry chaos in the Fall months, and you will help yourself out with quick and easy entry when we start everything up again this September.

----- RENEW EARLY -----

This program is for existing Swing 'n' Country Members Only

Want to help make it even faster and easier? If you are paying by check, plan to make your check out for just your membership fee only. You will get through the renewal process even quicker.
